

The IMA's Commission on Museums is currently seeking Notifications of Interest and proposals for the hosting of the IMA's important and long running Mineralogy and Museums conference in 2024.

This will be the 10th Conference (M&M10) in this sequence, which was started in London in 1988.

The conference is for Museum and Collections Professionals (Curators, Conservators, Museum-based Researchers, and others in related museum-relevant roles, including those in Universities or Research Institutes). Interdisciplinary sessions or individual presentations are welcomed but must retain a clear and dominant connection to the mineral and geological sciences or the study, management, exhibition or promotion of mineral-bearing specimens in museums and collections.

The **closing dates for proposals is 23rd January 2022**, guidelines to produce a proposal and the expectations of the IMA-CM for the event can be found in the M&M conference section of the www.ima-cm.org website, or obtained from the relevant Commission member of an affiliated IMA member society, or IMA-CM Secretary Kim Tait

Proposals should be sent in a digital format with a covering e-mail to IMA-CM Secretary Kim Tait:
Ktait@rom.on.ca

Examples of a previous conference programs can also be found on the IMA-CM website in the M&M conference section (www.ima-cm-org)
